

United States of America
Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number SA612NE

This certificate issued to PMA Design and Manufacturing, Ltd.
9624 Sunbeam Center Drive
Jacksonville, FL 32257

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified herein meets the airworthiness requirements of Part 3 of the Civil Air Regulations.

Original Product Type Certificate Number: A9EA
Make: Boeing of Canada, Ltd. deHavilland Division
Model: DHC-6 Series 100, 200, 300

Description of Type Design Change: Installation of Bick Airstair door in accordance with Aero Consulting Services, Ltd. Modification Data Summary B60900, Revision C, approved October 26, 1987, or later FAA approved revision.

Limitations and Conditions: This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated, unless it is determined by the installer that the interrelationship between this change and any other previously approved modifications will produce no adverse effect upon the airworthiness of that airplane. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: January 21, 1988

Date received: February 1, 1989; September 18, 2001;
January 8, 2003;

Date of issuance: September 09, 1988

Date unsuited: January 08, 2003

By direction of the Administrator
